

PROCLAMATION

LUNG CANCER AWARENESS MONTH

November 2020

WHEREAS: Lung cancer is the leading cause of cancer death among men and women in the United States and in Maryland, in 2020, accounts for more deaths than colon cancer, breast cancer, and prostate cancer combined; and

WHEREAS: The 5-year survival rate for localized lung cancer is approximately 59%, yet only 17% of lung cancers are diagnosed at this stage; and

WHEREAS: Screening for lung cancer for high-risk individuals using low-dose computed tomography can lead to the earlier detection of lung cancer and save lives, reducing the mortality by 20% when compared to screening by chest x-ray in the National Lung Screening Trial; and

WHEREAS: Funding for lung cancer research trails far behind funding for research of many other cancers, and additional research is needed in early diagnosis, screening, and treatment for lung cancer and lung cancer health disparities; and

WHEREAS: Women diagnosed with lung cancer are more likely to be younger and never-smokers, lung cancer incidence and mortality rates in women are rising relative to men, more women die from lung cancer than breast cancer every year and by 2035, it is expected that more women will die from lung cancer than men; and

WHEREAS: Organizations working in the Frederick community, such as the American Lung Cancer Screening Initiative and Women's Lung Cancer Forum, are committed to educating about lung cancer and lung cancer screening and working to increase lung cancer screening rates in Frederick.

NOW, THEREFORE, I, Michael O'Connor, Mayor of The City of Frederick, do hereby proclaim November as Lung Cancer Awareness Month in Frederick, and encourage all citizens to learn about lung cancer and early detection through lung cancer screening.

Mayor Michael O'Connor
Aldermen: Kelly Russell, President Pro-Tem,
Derek Shackelford, Roger Wilson, Donna Kuzemchak, Ben MacShane
